Description

We help take the guessing game out of panfish fishing with the all new PANFISH SLAM PACK. The pack combines three of our most popular bait styles and colors to help you catch more perch, crappie, bluegill and more! These baits range from 2"-2.25" which is ideal when targetting the larger fish in the school. Each bait is designed with unique features such as deep ribs, google eyes and realistic tails that give the action you need to entice the bite. Jig them through the ice, cast or float fish them or simply cast and retrieve them. All our baits are supple, yet durable and infused with hand-ground seasalt and fish attractant.

- [Mini Goby](#) [Snowy Crackle color] is a new plastic goby imitation that is much smaller than those found in our [Goby Series](#). This bait was requested by many anglers looking for a goby bait designed for ice fishing and when targetting panfish.
- [Mini MINN-FIN](#) - [Emerald Shiner color] is a perfect sized panfish bait for species eating minnows. The emerald shiner color offers a life-like

look to common bait fish found across North America.

- [Mini Grubby](#) [Pearly Olive color] is designed as a cross-over between a GOBY and a GRUB - the perfect shape, size and color for panfish. Jig them under a float and wait for your float to drop!
- [Micro Grubby](#)[Natural Goby/Purple color] is designed as a cross-over between a GOBY and a GRUB - and slightly smaller than our Mini Grubby. Jig them under a float and wait for your float to drop!
- Loaded with our signature [HAMMER JUICE](#)
