### Description

Walleye are among the top 3 most popular fish species targetted by anglers across North America. Now, we've pulled together our top four walleye bait styles and colors to help our customers get onto fish faster and more often. No matter what season (spring, summer, fall, winter) these four baits will produce fish. Jig them in a lake or river, cast them or even troll them, the durable and uniquely designed baits will entice the bite.

- **3.6" GOLIATH SWIM-Goby** - [ Lime Rickey color ] is a goby representation with a modified swimbait tail, allowing anglers to create a scooting/fleeing look to this bait. Perfect for cast-and-retrieve! Also boasts a unique side-to-side body waggle to really entice the bite.
- **4" Minn-FIN** [ Natural Goby/Chartreuse color ] is our latest minnow imitation bait that boasts several industry-breaking technologies. Minn-FIN improves upon the popular fluke style bait, with enhanced body shape design and an all new, ground breaking caudal fin engineered to

maximize fin movement in 360 degrees of direction. Ned jig, damiki rig or drop shot this bait!

- [2.7" TZR-WORM](#) [Natural Goby/Chartreuse color ] is our new midwest finesse style worm bait that has become very popular when targetting walleye. This color combination, plus the bottom bouncing action entice walleye to bite hard! Ned or drop shot rig them.
- [2.5" CRAWDADDIE](#) - [Natural Goby/Chartreuse color ] is designed with two whiskers and a brand new EDGE-CLAW design that makes each claw move more realistically through the water. Like the real thing, the claws move inward with each jig movement to mimic the actual motions of a fleeing crayfish.
- Loaded with our signature [HAMMER JUICE](#)
- Loaded with hand-ground, **sea salt** so fish hang on longer
- GOLIATH SWIM-Goby - 6 pcs, Minn-FIN - 8 pcs, TZR-WORM 8 pcs, CRAWDADDIE - 6 pcs
